

FROST KING'S REIGN.

The Good Old Fashioned Winter
You Have Read About

HAS COME TO STAY AWHILE.

Winter Sports Now Enjoyed in
Wheeling After an Interval of Many
Years—Fine Coasting Indulged in
by the Young and the Aged, While
the Small Boy is Strictly in It—Dealers
Laying in a Plentiful Store of
Ice of the Very Choicest Quality.

LL who have
been sighing
and wishing
for an old
fashioned
winter, when
coasting,
sleighing and
skating were
exhilarating
enjoyments,
have certainly
had their
most ardent
wishes gratified
by the
lavish favors
of the Frost
King of the
past week.

Yesterday
all day a
heavy snow
fell, which will give all lovers of winter
sport fine coasting for some time to
come if the present cold weather spell
is sustained. The liverymen also smile
and look pleasant over their good
fortune, as sleighs were in constant
demand, the sleighing being better than
any time during the past few weeks.

For over three weeks the ground has
been covered up with a white
mantle, causing the heart of the small
boy who was fortunate enough to possess
a bob sled, to throb with joy,
and those who did not look on with
envious eyes. There has been no cold
snap to compare with the present one
for length and severity since the year
of the memorable flood, in 1884.

About four inches of snow fell yesterday.
This with the favorable foundation,
has inspired some with fear that
should the weather suddenly become
warmer and a general thaw set in, there
might be a repetition of the unpleasant
experience of nine years ago. But the
more hopeful do not anticipate this,
basing their confidence on the weather
reports which predict continued cold
weather for a few days. Hopes are ex-

WITH HIS BEST GIRL.

pressed, however, if a thaw does occur
it will be gradual and no danger result
from it.

But aside from any speculations of
the future the people are making the
most of the wintry spell to enjoy themselves.
Hundreds are turning out every
evening to enjoy the many sled tracks
throughout the city. Fourteenth street
being one of the liveliest and most popular
on account of its length and gentle
slope. Almost every evening last week
a crowd of men, women, boys and girls,
numbering anywhere from five hundred
to one thousand people, congregated
at this point to enjoy the fun.
The greatest crush on this track, at
about 8 o'clock, has been simply
immense, and too crowded for comfort.
But nobody seemed to mind this and
the danger arising from the close quarters.
Although a number of legs and
arms were broken on last Friday and
Saturday, the tracks were largely patronized
last evening, not the least intimidated
by these accidents and the heavy snow fall.

Shortly after 6 o'clock a number of
energetic youths were busy at work
scrapping the heavy snow aside to make
a smooth surface. Two hours later the
same merry sport was at its height.
The yells of the youngsters with bells
and fox horns, which mingled with the
music of the hearty peals of laughter,
were heard when three or four sled

parties were dumped unceremoniously
in the snow or piled in a heap. With
these attractions it is no wonder this
kind of sport is more liberally patronized
than any other.

As for sleighing, about every available
vehicle has been brought into requisition.
Owing to the mild winters
of the past nine years most of the
sleighs owned in the city have fallen

into innocuous desuetude, and as a consequence
this season has caught the liverymen with a
small stock on hand, and private property
either disposed of or rusted away. Notwithstanding
this condition, however, the merry jingling
of the bells has pierced the frosty air in
almost continuous succession.

The ice men, or rather the men who
store ice to cool the summer drink and
supply the refrigerator, have been having
paradoxical as it may seem in this
sort of weather, a regular picnic, and
all of the houses have been filled, which
insures a moderate price for the congealed
commodity during the coming
summer solstice. Those who have
taken advantage of the opportunity and
have stored ice for private use are:
Reymann Brewing Company, Wheeling
Park Association, Central Glass Company,
County Infirmary and Fred Harleib,
at Elm Grove.

The most extensive dealers who have
put away all they need are Koehnlein
Brothers and N. Kuhn, of Bridgeport.
The Koehnlein Brothers lost their ice
house by fire, but have rented one on
the old fair grounds. They have fifty
men and boys at work, and have already
about 5,000 tons stored. They will also
repair their old ice house and store in it.
N. Kuhn has about 2,000 tons stored,
and is adding to his stock, employing
forty-five men and boys. The ice stored
by these two firms is taken from the
back river, and is eight inches in thickness
and of the purest and clearest
quality cut for many years.

Mrs. Annie W. Jordan

Of 105 Tremont St., Boston, was in very poor
health, from bad circulation of the blood,
having rash of blood to the head, numb
spells, and chills, and the physician said the veins
were almost bursting all over her body. A col-
lusion with a double runner brought on neural-
gia of the liver, causing great suffering. She
could not take the doctor's medicine, so took

Hood's Sarsaparilla

and soon fully recovered, and now enjoys per-
fect health. She says she could praise Hood's
Sarsaparilla all day and then not say enough.

HOOD'S PILLS are hand made, and are per-
fect in composition, proportion and appearance.
